WATCH IT OUTSIDE BOSTON FILM FESTIVAL

Project Brief
Presented by Moki Daniel Mathuva

TABLE OF CONTENTS

Summary

Watch it outside events co. needs a Website to show movies at Boston Public

Garden this year from August 5th through 8th, from 6 pm to midnight.

The website will display information about movies to be shown, ticket registration,

regularly published news or announcements about the festival.

Necessary Social links (facebook, twitter, instagram), links to Boston News

Website, and Boston Public Garden's website.

Domain Sugestions:

 bostonoutdoorgala.com, bostongala.com, bostongala.org

Stakeholders

Clara Dunn, Founder of Watch It Outside Event Co.

Moki Daniel Web Developer

Goals

Build a website that will handle guest registration and booking

towards the film gala for the first 1,500 people.

The website will also showcase movies to be watched during the six hour event.

Budget

No.	Items	Price&
1	Domain Name Registration	12 (first year, 25.0 after)
2	Web Hosting	10/mo (120/year)
3	Creating Website	3000
Total		**3025**

Timeline

Three weeks since contract sign-off date. A total of 70hrs.

Day 1	Register the Domain and Hosting
Day 2-9	Making first version of Website.
Day 10	Show website to client, and discuss what to change.
Day 11-21	Making changes based on clients wishes, and finish the website

Technical Specifications

The followings are my specifications regarding the project:

• The site will be built completely from scratch using HTML5, CSS3 and Bootstrap.

• Responsive Design

• Font Awesome

• JavaScript

• JQuery

• .org domain extension will be appropriate being a non-profit website.
